Work Experience:

Worked as a Salesforce Developer in Capgemini Technology and Services, India from October 22nd, 2020 till date (Full time employment).

➤ joined as an intern in January 23rd, 2020(full time)

Type: Full-time

Profile: a) Analyst/ Developer (October 2020 to December 2021)

b) Senior Analyst/ Senior Developer (January 2022 to March 2023)

c) Associate Consultant (April 2023 to August 2023)

Roles Performed at Capgemini:

➤ I have worked on two projects so far and in both of the projects, my prime role was of Salesforce Developer.

➤ In the first project, I worked on order creation process from Asset to Order conversion using Salesforce and Vlocity (Omnistudio) tools.

➤ I have also worked on the modules, which required Salesforce LWC and Apex skills.

➤ In my second project, I was mostly responsible for the development part of the UI.

- In both the projects, I worked majorly on LWC components and apex classes. I also have some experience on Omnistudio Integration Procedures, Dataprotectors and Flexcards.
- I also have experience in writing Apex classes and their test classes(end-to-end).
- In addition, for a brief period I worked on the Batch Apex.
- Additionally, I was also trained on Salesforce Integrations with external systems, the classes and their corresponding test classes.
- In both the projects, the modules or the tickets which were assigned to me, I was responsible for the entire process from development till deployment(end-to-end).

Personal projects (LWC based):

1. Quiz App

2. Memory Game Project
